**Saturday 28<sup>th</sup> August** – A gentleman had forgotten his address. He remembered the road he lived in so we walked with him to find his house which he recognised. He gave us the key to open the door and we left him safely inside. There were lots of arguments in the street especially between girlfriends & boyfriends. There were lots of situations which the team helped to calm down. We helped a young girl to the taxi rank so she could get home. We had a long conversation with 2 young ladies, helped them restore their relationship and return home together. 6 bottles of water given out and 35 bottles/broken glass were cleared up.

We were able to pray with him. Spoke to a man who was rough sleeping. We were complimented by the police who said that having street pastors out made all the difference towards having a peaceful night. The street medics were also appreciative of our support especially with helping people to the taxi rank to get home safely. We assisted a man who had fallen asleep in Kings Walk Square. He was too drunk and didn't wake up so we waited with him until the Street Medics came to assist. We were given a key for a room in the Station Hotel which someone had found so we took the key back and put it in the key returns box. 8 pairs of flip flops and 8 bottles of water were given out along with 3 safety blankets. 47 bottles/broken glass were cleared up.
