

LET US PRAY

In Jesus name

- We pray for the safety of all street and school pastors and for them to remain in good health.
- We pray for more volunteers to join the ministry of Street Pastors in Lambeth.
- We pray for more partners, financial supporters and for stronger relationships within the community.
- We pray for peace to be on our streets. No more violence!
- We pray for our youth to know their true worth, identity and purpose.
- We pray for the homeless to receive the help they need.
- We pray for the local economy of Lambeth to prosper, providing jobs with a living wage to locals.
- We pray for the schools/colleges in Lambeth and all their students and teachers, that they will be safe and loving communities of learning, growing and sharing together.
- We pray for the best teachers and assistants to be recruited for each post.
- We pray for the students to receive a high standard of education and extra support is provided for those in need.
- We pray for children and young people who are or need to be assessed for social, emotional and behavioural developmental needs. So with the correct assessment the best support and teaching can be delivered in order for them to achieve their best and enjoy learning.
- We pray for single parents and struggling families that they may know God's loving presence and miraculous provision.
- We pray for the Lambeth community, that each family in need will receive the correct support at the right time.
- We pray for our senior citizens to feel safe and appreciated within their community and to have people who care around them in order to combat loneliness.
- We pray for reparation to take place within families and between neighbours so wounds can be healed; forgiveness shared and for love to flow freely like a river.

Amen
